

RED CROSS ROLL CALL CONTINUES OVER TOMORROW

More Than Half of Local the Republican and Ro-Quota Must Be Raised Yet — Everybody Must Help or Campaign Fails.

With more than half the Central Arizona chapter quota still to be raised the Fourth Roll Call of the Red Cross here will be continued at least until tomorrow night, and possibly longer. This was announced last night, when the roll call was scheduled to close. The people of Phoenix will have to put their shoulders to the wheel and push hard if the campaign in this city is to be a success, leaders in the roll call declared last night. Of the Central Arizona chapter's quota of 9,000 members, 2,500 had been obtained up to Friday night, and last night subscriptions totalling \$856 were reported for the day.

"The people apparently fail to realize that the Red Cross is carrying on a peace time program of work just as important now as its war efforts were two and a half years ago," pointed out a Red Cross leader here last night. "The work of the Red Cross never stops; the great organization is now merely turning its efforts to peace time channels. Disabled soldiers are being cared for; public health promoted; quick relief given victims of epidemics and great disasters; crippled and sick children and helpless mothers cared for; relief work carried on throughout the nation. Is not this work worthy of the support of all?"

"The people must realize they are failing down on the job," declared another roll call worker. "We must have the support of everybody to succeed in this roll call. Is Phoenix going to fail now, for the first time in her history?"

BREAKS RECORD FOR SPEEDY SETTLING

Amount Asked Is Small

During the roll call membership in the Red Cross for the coming year costs but \$1—an amount the average person spends in one evening at the dance hall or theater without a thought. However, the closing of the roll call does not mean that one cannot join the Red Cross, as membership will be received at any time. Neither is anybody barred from giving more than \$1 for his or her membership.

The money collected in the roll call yesterday was gathered by the following:

Osburn district, collected by the Osborn Woman's club, \$275.

Cockington district, under the direction of Mrs. T. T. Powers, \$31.

Scottsdale district, under the direction of Mrs. Morton Kinney and Mrs. G. D. Loomis, \$27.

Monroe, \$107.

Triangle girls, high school, \$77.

Kentworth school, \$219.

There will be no solicitation for memberships today, but a decided effort to gain the quota will be made tomorrow, when it is expected that the men of Phoenix will advance the total until the city has gone "over the top." As an incentive to those who are taking part in the roll call to exert every effort, as well as a stimulus to the citizenship of the city in general, it was announced yesterday that Tucson has collected already more than \$7,000.

SECRETARY OF STATE ANSWERS GOVERNOR'S JAP TREATY PROTEST

Negotiations between Japan and the United States will be discussed informally with members of senate and house committees charged with responsibilities in that connection, according to a telegram to Gov. Thomas E. Campbell from Secretary of State Colby, received at the state house yesterday. The secretary's message was in reply to one from Governor Campbell in protest against execution of a treaty with Japan which would open the way to Japanese to become American citizens by naturalization.

Secretary Colby's message follows: "Replying to your telegram based upon press dispatches relative to negotiations with Japan, it is, of course, apparent to you that the subject is one that does not admit of free and open discussion by telegram.

"The views reflected in your telegram are well understood and I can assure you they are receiving the most studious and open-minded consideration. It is our intention to avail ourselves of the aid of informal discussion with members of the senate and house committees who are charged with responsibilities in this connection.

"The negotiations, which are informal and tentative, have not, however, as yet reached the point of submission and of formal consideration."

Governor Campbell's protest had cited what were said to be Japanese efforts to control production of foodstuffs on the Pacific coast; had said that Japanese did not truly desire to become Americans, but were intensely devoted to their own country and that intermarriage between Japanese and Americans was "incredible."

REPORTS PROGRESS IN BRIDGE BUILDING

Preparations to start the steel truss bridge across the Hassayampa at Wickenburg are under way, according to Merrill Butler, bridge engineer with the state highway department. In another ten days the forces will be gathered to begin the construction work, moving from Tempe, where they have completed the foundation work on the Tempe bridge.

The superstructure contract has been awarded to the Allied Contractors of Omaha for \$26,097, while the estimated cost of the entire bridge has been fixed at \$75,000, furnished by federal aid and the 75 per cent fund of Maricopa county. J. H. Zeitler will have charge of the construction.

Mr. Butler stated that he had word from W. T. Pierce of English & Pierce,

PLAN CLASSES FOR MEXICAN CHILDREN

Other bridge activities are proceeding splendidly, according to Mr. Merrill, who stated that the foundation of the Gila river bridge at San Carlos is nearly in and that the steel trusses have been shipped from the East.

Three arch spans have been poured and the fourth and fifth will shortly be poured on the Maricopa bridge. Other bridge work in the state by the state highway department now in progress includes the bridge work under way at Queen Creek above Superior, where a 125-foot arch span is being built by state forces. A bridge is also being built across Railroad Wash and another at Franklin, across Granite creek, above Prescott, and still another across Mescal Wash, west of Benson on the Benson-Vail highway.

APPEALS DECISION TO SUPREME COURT

Claiming that the verdict was decided by lot or means other than a fair expression of the opinion of the jury, Charles Moon, found guilty of burglary in the first degree and sentenced to serve from five to 15 years in the state penitentiary, has appealed to the supreme court of the state. The case was filed yesterday on appeal from the superior court of Cochise county.

Moon claims the court misdirected the jury as to the law in the case; that the court erred in a manner tending to injure as the rights of the defendant and contrary to the law and evidence. Moon was tried on the charge of entering the True meat market in Brewery Gulch in Bisbee and the theft of \$2,000. The alleged burglary occurred in September, 1919.

BAND CONCERT AT LIBRARY TOMORROW

The following program will be given by the Capital City band in its concert at 3 o'clock tomorrow afternoon at Liberty Park:

March, American Legion...Vandersloot

A modern Age

This is a modern age where science and common sense join forces to serve mankind. We are always striving to reach the heights of service attainment.

H.M. MAUS FUNERAL DIRECTOR

311 NORTH FIRST AVE. PHOENIX, ARIZ.

OFFICE 1572 RES. 1920

LOUIS J. KILLEEN IS DEAD AT HOME HERE

Louis J. Killeen died yesterday evening at his home, corner of Monroe and Fourth streets, after a long illness. Mr. Killeen was a native of County Galway, Ireland. He came to this country when a youth of 18 and soon thereafter set out for the California gold fields. He did not remain in California long, but came to Arizona, arriving here in the '70s. After a short time he went to Mexico, where he was married and resided for 27 years.

Mr. Killeen sold out his interests there, which had become extensive, and brought his family to Phoenix and invested heavily in city property. He was 72 years of age. Beside the widow, there are left three sons and a daughter, Mrs. J. T. Hodges of Yuma; Edward K. and L. J. Killeen, Jr., of Phoenix; and Robert F. Killeen of Yuma.

Funeral services will be held at 3:30 o'clock Wednesday morning at St. Mary's Catholic church. Interment will be in the Catholic cemetery.

Minimizing Human Errors in the Management of Estates

A clearer knowledge of the many advantages to their estates and beneficiaries causes a greater number of individuals, each year, to name a Trust Company as Executor, Trustee and Guardian under their Wills.

An estate entrusted to this institution enjoys the benefit of the combined judgment of men conversant with the financial and legal aspects of trust funds, and each investment that is made has the care and conservatism of such mature consideration.

This high grade continuous service, which is not subject to the uncertainty of the life of an individual, may nevertheless be employed at no greater expense than if the management of an estate were committed to the latter.
